

Billy and Leslie Cardinal are the proud parents of 4 daughters, and currently reside in Saddle Lake – Treaty 6 Territory. We have shared 19 years of our lives together as a couple and look forward to sharing what we have learned together as a family.

Billy grew up in Saddle Lake and was raised by his grandparents who live the Cree culture way of life. The ceremonial way of life has shown Billy the importance of Indigenous Knowledge. Billy has acquired experience being employed within his home community for a number of years. He started his education with Social Work in 2016 and is currently employed with Blue Quills University as ‘The Wellness Coordinator’.

Leslie is a descendent of Saddle Lake Cree Nation, she was raised by her grandparents whom lived the Cree cultural way of life. Leslie is currently employed in the human services field in her home community. Leslie started her Social Work Journey in 2004 and has continued in the field as a helper.

Billy and Leslie’s personal vision is Indigenous ways of healing, and incorporating Indigenous knowledge within the social work realm. Incorporating Indigenous Governance within Western Ideologies. The revitalization of Indigenous Resurgence reconnecting cultural values and beliefs. The Indigenous Methodologies of love, kindness, humility, honesty, wisdom, courage, and respect. The combination of these strategies will establish new views of self, family, and community.
